**Notice of Public Meeting
Northside Sewer Line Collection System Improvements
City of Del Rio**

A public meeting is being held on August 25, 2021 from 5:30 to 7:30 p.m. in the Council Chambers at Del Rio City Hall, 109 W. Broadway Street, Del Rio, Texas 78840, to discuss Del Rio's proposed project to improve the Northside Sanitary Sewer Outfall Line from the Silver Lake Wastewater Treatment Plant to Lausen Street in Del Rio, Texas. One of the purposes of this meeting is to discuss the potential environmental impacts of the project and alternatives to it. The total estimated cost of the project is \$24,469,363. A tax rate increase or user rate increase will not be required to finance this project. An Environmental Information Document for the project has been prepared which will be available for public review at City of Del Rio Public Works Webpage under our "Key Ongoing Projects" located at <https://www.cityofdelrio.com/government/departments/public-works> for at least 30 days following the date of this notice.

This project involves construction in the 100-year floodplain and construction located in a wetland. Alternatives to construction in a floodplain/wetland, potential impacts on floodplains/wetlands and proposed mitigation measures will be addressed during the public meeting.

Written comments on the proposed project may be sent to:

CP&Y, Inc.

Re: Northside Sewer Collection System Improvements Public Meeting

Dear Neighbor:

The City of Del Rio is proposing to improve the Northside Sanitary Sewer Outfall Line, located from the Silver Lake Wastewater Treatment Plant (WWTP) to Lausen Street in Del Rio, Texas. We invite you to attend a public meeting to learn more about the project. The meeting will be an open house style where individuals can come and go to review the material. There will be no formal presentation.

August 25, 2021
5:30 p.m. – 7:30 p.m.
Del Rio City Hall, Council Chambers
109 W. Broadway Street, Del Rio, Texas 78840

The purpose of this public meeting is to discuss the potential environmental impacts of the project and the alternatives to it. The improvements are being made to provide service to the growing Del Rio population. You can review the environmental document on the City Public Works Department website under "Key Ongoing Projects" located at <https://www.cityofdelrio.com/government/departments/public-works>.

Thank you,

Alberto Quintanilla
Public Works Director
City Engineer
