Re: Pedestrian Bridge Overpass

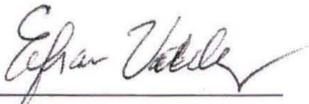

Dear Mrs. Montemayor:

The County of Val Verde, City of Del Rio and the San Felipe Del Rio Consolidated School District would like to request Union Pacific's approval to allow the building of a pedestrian bridge overpass over Highway 90 East. The bridge would be located where Fermin Calderon Elementary School and the Del Rio Middle School are located and proceed over Highway 90 East and over the Union Pacific Railroad tracks and would descend to an area between E. De la Rosa Street and E. Cortinas Street.

The necessity for this bridge is because of the safety issue of students from both schools crossing Highway 90 East and going over the railroad tracks to reach the neighborhoods west of the tracks. It has come to the attention of law enforcement in the area that there have been several close calls of students running across the highway and going over the tracks. It is just a matter of time before tragedy occurs and that is what we are trying to prevent. The governmental entities of Del Rio would like to pursue a preventive measure which would eliminate a needless accident.

If given the okay by Union Pacific Railroad, then we can proceed to seek help from the Texas Department of Transportation to seek financing to complete this project as soon as possible. If there are any questions or information needed, please contact any of the following and we will respond as quickly as possible.

Performance data quoted represents past performance which is no guarantee of future results. Investment return will fluctuate. The value of an investment when redeemed may be worth more or less than the original cost. Current performance may be higher or lower than performance stated.

For more information, see the TexPool Information Statement available on the TexPool web site, www.texpool.com. You should consider the investment objectives, risks, charges, and expenses carefully before you invest. Information about these and other important subjects is in the Information Statement which you should read carefully before investing.

An investment in the security is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the issuer seeks to preserve the value of an investment at \$1.00 per share, it is possible to lose money by investing in the security.

- (1) "WAM Days" is the mean average of the periods of time remaining until the securities held in TexPool (a) are scheduled to be repaid, (b) would be repaid upon a demand by TexPool, or (c) are scheduled to have their interest rate readjusted to reflect current market rates. Securities with adjustable rates payable upon demand are treated as maturing on the earlier of the two dates set forth in (b) and (c) if their scheduled maturity is 397 days or less; and the later of the two dates set forth in (b) and (c) if their scheduled maturity is more than 397 days. The mean is weighted based on the percentage of the amortized cost of the portfolio invested in each period.
- (2) "WAM Days" is calculated in the same manner as the described in footnote 1, but is based solely on the periods of time remaining until the securities held in TexPool (a) are scheduled to be repaid or (b) would be repaid upon a demand by TexPool, without reference to when interest rates of securities within TexPool are scheduled to be readjusted.
- (3) All current yields for TexPool Prime, for each date, reflect a waiver of some of all management fees.
